

Avdiev Directors' Fees Reports 2017©

The Avdiev Directors' Fees Reports provide the ability to compare your board's non-executive directors' fees and workload to that of comparable boards with similar activities, size and workload. There are two reports available in excel format:

The Reports provide actual data for each company board:

- ✓ A database of non-executive directors' fees and meetings data
- ✓ The ability to select comparative companies based on market capitalisation, annual revenue, net profit after tax, and industry group
- ✓ A report generated providing analysis giving the 25th percentile, median, 75th percentile and average based on a selection of comparative boards
- ✓ A chart giving a visualisation of the chair, deputy chair and directors board fee data.

There are two reports available, delivered in Excel format.

Report 1. Avdiev ASX Top 300 Directors' Fees Report - \$1,980

Report 2. Avdiev ASX Property Directors' Fees Report - \$990

Comprises 66 ASX listed companies with the GICS Real Estate Industry Code.
